# Care

Our philosophy of care is that everyone in our church should be involved in caring for each other. This happens in the main through informal relationships and through people being involved in small groups and ministry groups. Some formal programs do exist to supplement these relationships.

Although we seek to meet the various needs of our church family and the wider community as they arise, some of our more regular and established ministries include:

- Welcoming new people and follow up
- Meals for those in need
- Emergency pantry food hampers
- Support for new mums
- Visitation
- Ministry to Residents in Aged Care Facilities
- Low-cost Community Counselling Centre
- A Prayer Network
- Free Bread every Tuesday night @ 7pm
- A Benevolent Fund to help people in financial crisis

If you have a need or know of someone who does, please don't hesitate to call Alf or Rosemary.
